MR. ROBT. R. FRIEND, who recently graduated from the Kentucky Wesleyan College, has started a newspaper at Irvine, Estill county, known as the Estill Leader.

THE Mercer county people have adopted a new plan for taking care of their jail-birds. Instead of keeping them confined in jail, at an expense to the county, they are sent out with the threshing machines, thereby making it profitable to the county, instead of a loss. If a similar policy was adopted in this county, it would no doubt prove profitable to our county.

THE Phoenix Investment Company, of Lexington, has written a letter to Attorney General Breckinridge asking for an inspection of their books and method of business. They must be a little scared, that they will be put in the same category, with some of those robbing machines, of a similar nature, which are allowed to do business in the state.

Is there be an unjust law upon our statute books, it is the bankrupt law. This law is the cause of more breaks, than any other one thing, from the fact, that it affords a loop-hole to work a "skin-game," and then furnishes protection for the thief. The sooner this law is blotted out of existence, the better off will be our country.

THE Republican convention at Danville on last Saturday turned down Wallace E. Varnon, of Lincoln, and nominated W. B. Cockran, of Casey county, to run against Senator George Farris, the gallant fighter from Garrard. Here is to you Senator Farris and may you win in a walk.

NEARLY every Spanish officer, who participated in the battle of Santiago has come forward in defense of Schley's actions on that momentous occasion. The only defamers of the Admiral seems to be the carpet knights who were not within gunshot of the fight.

Mr. Hill contends that his action is in accord with the law for the protection of depositors, and explains his course in the matter.

Miss Margaret Ingels, of Bourbon county, has announced her candidacy for Enrolling Clerk of the Kentucky House of Representatives, subject to the Democratic party. She stumped the State for Bryan in 1896 and is an actress of considerable ability. She is now employed in the Census Bureau in Washington.
